BOOK SYNOPSIS

A compelling and revolutionary work that calls for the immediate extension of our human rights to the great apes. The Great Ape Project looks forward to a new stage in the development of the community of equals, whereby the great apes- chimpanzees, gorillas, and orangutans-will actually receive many of the same protections and rights that are already accorded to humans. This profound collection of thirty-one essays by the worlds most distinguished observers of free-living apes make up a uniquely satisfying whole, blending observation and interpretation in a highly persuasive case for a complete reassessment of the moral status of our closest kin.

THE GREAT APE PROJECT EQUALITY BEYOND HUMANITY - Are you looking for Ebook The Great Ape Project Equality Beyond Humanity?
